

Knox County Solar Update

Ratts 2 Project

January 2021

As we begin a new year, we want to provide you an update on the Ratts 2 Solar Project located in Knox County.

We have made great progress in 2020, particularly with the approval of the economic development agreement that provides \$2.5 million to Knox County. Our next major step to advance the project is approval of the Development Plan by the Knox County Area Plan Commission (APC) under the county's new solar ordinance. A public hearing on the plan is scheduled for Tuesday, February 2, 2021. Due to Covid-19 protocols, this public hearing will include a virtual option. Details are below:

Development Plan Public Hearing (Virtual)

Tuesday, February 2, 2021, at 6:00 PM

**Vincennes City Water Treatment Plant, Meeting
Room, 1134 South River Road, Vincennes**

**Virtual access available by contacting the Area
Plan Commission office at 812-885-2544**

The Development Plan application is available on our website for review and download at www.knoxcountysolar.com/development-plan-application.

We hope that you will consider expressing your support for the Ratts 2 Solar project as part of the Development Plan review process. Comments can be submitted to Colt Michaels, the APC Executive Director, prior to the meeting by emailing cmichaels@knoxcounty.in.gov. Comments will also be taken during the February 2nd hearing.

The approval of the Development Plan is a critical step in moving the 150-megawatt Ratts 2 project forward to construction. The project has the potential to bring great benefits to Knox county, including job opportunities and an influx of new tax revenue and economic opportunity. We hope that you will share your personal reason for supporting this project with the Area Plan Commission on or before February 2nd.

We look forward to continuing these updates and sharing positive progress with you in 2021 and beyond.

For additional information and news about the project, please visit KnoxCountySolar.com or contact our Community Representative, Kent Utt at Kent.utt@gmail.com or 812-890-7443.
